S&L Project No. 12661-054

Rev. 0  
Issue Date: December 13, 2016  
Issue Purpose: Use

## 1 PURPOSE

Pursuant to 40 CFR 257.80(c), this document provides the annual fugitive dust control report for NRG Texas Power LLC's (NRG) W. A. Parish Station near Thompsons, Texas.

Since the initial CCR Fugitive Dust Control Plan was placed in the Station's operating record in October of 2015, no specific measures beyond the control measures presented in the Plan were required to control CCR fugitive dust at the W. A. Parish Station. No citizen complaints have been recorded regarding CCR fugitive dust at the W. A. Parish Station and, as such, no corrective measures have been taken beyond the established CCR Fugitive Dust Control Plan procedures.

## 2 CONCLUSION

NRG will continue to review and evaluate the effectiveness of the CCR Fugitive Dust Control Plan, complete and retain CCR Fugitive Dust Monitoring Reports at least quarterly, and record and address citizen complaints as required in accordance with the CCR Fugitive Dust Control Plan.

## 3 CERTIFICATION

I certify that this document was prepared by me or under my supervision and that I am a registered professional engineer under the laws of the State of Texas.

This document is released for use under the authority of James H. Staehlin, Texas PE # 87527 on December 13, 2016. Sargent & Lundy LLC Texas Registered Engineering Firm # F-2202.
