Subject: RE: MWG Federal CCR Notifications for MWG Powerton and Will County and Waukegan Generating Stations.

Rick, Kenn, and Darin,

Pursuant to EPA's CCR Rule at 40 CFR Part 257 Subpart D, Midwest Generation, LLC is notifying you that the following have been placed in the respective station's operating record and will be available on or before the dates listed on our public website at <http://www.nrg.com/legal/coal-combustion-residuals/>. Further, this correspondence serves as notification for the following facilities regarding intent to comply with the site specific alternative to initiation of closure as specified under §257.105(i)(14) and §257.103(f)(1)(ix)(A).

- **Powerton Generating Station** – Notification is being provided in accordance with §257.106(i)(14) of the facility's intent to comply with the site specific alternative to initiation of closure due to development of alternative capacity infeasible for the Ash Surge Basin as specified under §257.105(i)(14) and §257.103(f)(1)(ix)(A).
- **Will County Generating Station** – Notification is being provided in accordance with §257.106(i)(14) of the facility's intent to comply with the site specific alternative to initiation of closure due to development of alternative capacity infeasible for the South Ash Pond 2 as specified under §257.105(i)(14) and §257.103(f)(1)(ix)(A).
- **Waukegan Generating Station** – Notification is being provided in accordance with §257.106(i)(14) of the facility's intent to comply with the site specific alternative to initiation of closure due to development of alternative capacity infeasible for the East Ash Pond as specified under §257.105(i)(14) and §257.103(f)(1)(ix)(A).

Should you require additional information or if you would prefer to have these notices provided to other contacts at the Department, please do not hesitate to contact either Sharene Shealey on (724) 255-3220 or myself on (302) 540-0327.

Thank you,

David
